

## B. C. S. Bulletin To Old Boys

VOL. XII NO. 1

COMPILER: H. L. Hall, M.A. ('16-'27)

NOVEMBER 1952.

### THE HEADMASTER'S MESSAGE:

Again it is a great pleasure to Say a few words to the Old Boys through the medium of the Bulletin.

It seems to me, however, that most B.C.S. Old Boys do not need speaking to. They are interested in the School, loyal to it and willing to work on its behalf.

The fruits of their kindness are all around us, and we have a splendid example in the new squash courts. The striking thing about this most recent addition to the School plant is that it was entirely unsolicited. A group of Old Boys thought the courts would help the School, organized themselves accordingly and provided them. That is all there was to it: the School had little or nothing to do with the matter. In their organization, of course, the original group called on many Old Boys to help. Most of them responded warmly. They do not need speaking to: they have the B.C.S. spirit.

The School for its part is most grateful, and that gratitude is deepened when we at the School realize how much we need help of this kind.

Schools, like individuals, do not stand still. They either go ahead or fall behind. B.C.S., we like to think, is going ahead. One thing we know; it will never go as far ahead as it can or should unless it has the full support of all Old Boys, at all times and in all circumstances.

-----

We are pleased to report the increase from 26 to 58 Life Members during the past year. As a result of the Notice sent out by the Association during July, Annual Membership stands at 345, bringing the total membership to 403 as of September. Our record year was 1949 when 15 Life Members and 393 Annual Members brought the total to 408. Our aim then, as now, was a membership of 500 Old Boys. Considering that the Bulletin mailing list contains well over 900 names, we can't help feeling that too many Old Boys, whose position in life has been strengthened as a result of the training received at the School, are letting too few carry the burdens of the Association. Rising costs affect its work as much as in other spheres of endeavour but fees have been kept to the pre-war level. One dollar of the annual fees goes to the Scholarship Fund; and where, a few years ago, a scholarship of \$350 per annum was a generous one, to-day this same amount proves quite inadequate to achieve its purpose. If, therefore, each Old Boy who receives the Bulletin would become a member of the Association, a handsome scholarship of over \$900 per annum would be available to some boy who otherwise would be unable to share the benefits of a school which we already have had the privilege of attending. May we appeal to all Old Boys, therefore, to join the few who have faithfully and loyally carried on the work of the Association with such excellent results over the years. Such a united effort would see us realize the aim which we had hoped to reach before this.

-----

Our congratulations to those Old Boys who have become - or are becoming -- Life Members by the instalment plan -- \$25 a year for four years. This is a good example of the B.C.S. spirit in action.

May we suggest another method of paying for life membership whereby the cost is reduced to as low as \$65 depending on one's net income for taxation purposes. The Government allows a deduction of 10% of this net income for charitable purposes; hence, it is easy to see that one's income tax may be lessened by taking advantage of this clause in the Act and the difference regarded as a reduction in the cost of life membership in the Association. As the President of a leading Trust Company points

out, many tax-payers' income tax is needlessly high because they do not apply to the full the charitable donations' clause of the Act. ARE YOU ONE OF THESE? IF SO, send a cheque for \$100 to: J. CHURCHILL-SMITH, ESQ., 132 ST. JAMES ST. W., MONTREAL, and then notice the reduction in your income tax: you don't know how pleased you'll feel until you've tried it out: and then, it won't do any harm to try it just ONCE.

-----

We are always happy to receive letters from Old Boys giving us news of themselves and others: but we just about go crazy with joy when we receive letters such as this one: "I have only had one opportunity since my leaving in 1919 to visit the School and that was a few years ago. I may say that the first paragraph of the last Bulletin 'hit the spot' so far as I, personally, am concerned, as I am one of those who have meant to take out a subscription but kept putting it off. I hope I will be forgiven for my dilatory attitude; but I now enclose money order in the amount of \$100 to cover life membership. I think the 'Father and Son' idea is a very good one....." (The writer was forgiven the moment his letter was opened!) By the way, wouldn't some others of the 900 referred to above also like 'to just about make us go crazy with joy' by letting us hear from them and by enclosing the little slip of paper that produces this effect? Remember, the longer you keep putting it off, the longer some boy does without.

-----

We are pleased to see the names of Col. H. C. MacDougall ('16-'22) and H. M. MacDougall ('42-'47) added to the list of Father-Son Life Membership, and V. M. Whitehead ('42-'51) joining his Father and Brother in the same list. Recent Life Members are: J. N. Williams ('38-'46); F. D. Ross ('25-'31); L. E. Baker ('18-'23); J. G. R. Shuter ('93-'99); J. Bassett ('29-'33); D. G. MacKay ('17-'25); D. R. Huggett ('40-'47); F. B. Peverley ('37-'41); G. R. Sharwood ('46-'48); H.G. Hallward ('40-'44); M. C. Magor ('45-'47); J. L. Rankin ('24-'27); R. Montgomery ('22-'26); G. E. Cross ('27-'37); H. T. Langston ('27-'32); F. W. White ('92-'96); W. D. Robb ('28-'30); H. D. Cann ('16-'18); J. G. Russell ('12-'18); M. H. S. Penhale ('11-'12); D. Doheny ('27-'34); G. G. Ryan ('15-'19); A. W. Mackenzie ('41-'45).

-----

A reading of the "Annual Dinners of Former years", contained in this issue of the Bulletin, reveals the abiding interest and loyalty that Old Boys of all ages have always had for their Old School. It is interesting to note that in 1886, by which time 800 boys had passed through the School, the number present for the Annual Dinner that year far exceeded the number present at any Dinner held since, when now over 2400 boys have been at the School. In trying to reach a record membership in the Association this year, could we not also try to match the attendance at this year's Dinner with that of 1886? MAY WE COUNT ON SEEING YOU THERE?

#### EXPRESSION OF THANKS:

THE SQUASH COURTS: The School gratefully acknowledges the generous gift of two squash courts, the funds for which are being provided by a certain group of Old Boys whose interest in and loyalty to, their Old School have been unflagging through the years. The location of the courts, for which Henry Langston ('27-'32) was the architect and George Hoy, Sherbrooke, the contractor, is an extension, complete with gallery, to the "ARK". They were completed in October in time for a formal opening ceremony at the Thanksgiving celebrations. A committee, consisting of G. H. MacDougall ('24-'30), H. T. Langston ('27-'32), J. L. Rankin ('24-'27), D. N. Stoker ('38-'45), H. G. Hallward ('40-'44), J. Churchill-Smith ('35-'39), is undertaking the collection of the necessary funds from interested Old Boys. While many generous donations have been received, the full cost of the Courts has still to be found and any sized donation would be very gratefully received. All donations are to be made payable to the B.C.S. War Memorial Funds and are deductible for Income Tax purposes. Already the committee has collected \$8,000 but a further \$2,000 are needed to complete the project.

THE PREPARATORY SCHOOL  
PLAYING FIELDS:

The School gratefully acknowledges the generous gift of the Asbestos Corporation Limited, Johnson's Company Limited, and one anonymous donor, in providing the necessary funds for the new Prep Playing Fields. Work started on these new, full sized athletic fields in the summer and they will be ready for play in September 1953. Our thanks to these Companies for their interest in the School and for the generosity of their gifts.

GIFT OF MUSICAL RECORDS:

We are grateful to Guy Drummond ('25-'32) for the valuable contribution he has made to the musical Record collection in the Peter Holt Memorial Library, and thank him most sincerely for his generosity.

APPRECIATION:

We express our appreciation to G. H. MacDougall ('24-'30), President of the Association for the past two years, to J. Churchill-Smith ('35-'39), secretary-treasurer since 1950, and to the members of the Association Committee, for their untiring efforts in furthering the aims and ideals of the Association. Their loyalty and continuing interest in the welfare of the School are most commendable and we take this opportunity of expressing our appreciation of their efforts.

ANNOUNCEMENT:

The voluntary work performed by members of the Association Committee would be facilitated if Old Boys would pay their fees as soon as they receive their notice and not wait until the 12th month when notices for the next year are being prepared to be sent out -- a fact which makes some Old Boys think they are being asked to pay their fees twice in one year. OF COURSE, ALL THIS BOTHER IS ELIMINATED BY BECOMING A LIFE MEMBER --- ONLY \$100.00

PAYABLE TO:

J. CHURCHILL-SMITH, ESQ., 132 ST. JAMES ST. W., MONTREAL.

The fiscal year of the Association begins on October 31st of each year and ends October 31st. the following year: but to be assured of receiving the School Magazine, published annually in June, members should have their fees paid by May 1st each year to be certain that their names appear in the Magazine and on its mailing list.

THE THANKSGIVING WEEK-END: OCTOBER 11-13

With glorious weather prevailing and with the country-side presenting a vivid scene of autumnal beauty, this Thanksgiving week-end will long be remembered by the many who were present for the celebrations. Over 90 Old Boys turned up. Proceedings started on Saturday with the Ashbury VS School rugby game which the School won 33-0. Excellent forward passes, both long and short ones were highlights of the game. Sunday morning, two Chapel services were held in St. Mark's Chapel to try to accomodate the great numbers. The first service for Prep boys and their parents and friends was conducted by the Rev. Elton Scott of Bishop's University who, preaching on the significance of Thanksgiving, stated that true thanksgiving implied a sense of gratitude to the donor and reminded his listeners to be grateful to God for the common and everyday things of life. The second service was likewise conducted by the Rev. Elton Scott, with the Headmaster delivering the sermon. Developing the theme of religion as a necessity, he emphasized the point that it has to be taught and that it comprises courage, manliness and faith, all three strikingly exemplified by Christ on the Cross.

Sunday afternoon, the Headmaster and Hrs. Glass were At Home from 4.30 until 6.00 for the many parents, Old Boys and members of the staff. Our thanks to them for their kindness, Monday morning, about 30 Old Boys took part in the Annual Old Boys VS School rugby game which the Old Boys lost 16-2. Prior to luncheon, the Squash Courts, donated by a group of Old Boys, were officially opened by G. H. MacDougall ('24-'30), President of the Old Boys' Association. A delicious luncheon - for which we congratulate the Chef and his kitchen staff -- was served at two sittings, after which Prize-Giving was held in the Gymn at 2.30.

Seated on the platform were: The Chairman of the Board of School Directors, Mr. Justice W. Mitchell ('16-'19; '23-'26); Dr. A. Jewitt, Principal of Bishop's University, Guest of Honour: the Headmaster; Col. W. W. Ogilvie ('17-'22); Col. H. C. MacDougall ('16-'22), who presented the H. B. MacDougall Medal in memory of his Father who attended the School from 1889-94; Dr. T. Cleveland who presented the Lieut. H. R. Cleveland Medal in memory of his Son who was the first Canadian officer to be killed in the Korean War - his son attended the School from 1942-46 and was killed in 1951; T. H. P. Molson ('16-'18); D. Doheny ('27-'34); G. A. Sharp ('23-'28); Brig. G. V. Whitehead ('08-'14), who thanked the guest speaker for his address; the Assistant Headmaster, F. R. Pattison, Esq., M.A.; Lt.-Col. E. G. Brine, Master-in-Charge of the Prep School; Dr. W. P. Percival, Director of Protestant Education in Quebec; G. H. MacDougall ('24-'30), President of the Old Boys' Association.

The Chairman welcomed the many guests to the School and thanked the Old Boys for their continued loyalty and support. The Headmaster ('28-'32) referred to the printed record giving a full account of the School's activities, reiterated the Chairman's welcome to the many present, personally thanked the Old Boys for their interest in the welfare of the School, and concluded by thanking the members of his staff for their loyalty and co-operation. Dr. Jewitt, making his first official visit to the school and bringing greetings from the University, reminded the boys that they came to school to learn how to think and on what things to exercise their faculties. "The man who thinks, plans and prepares is the one who makes a success of himself in life", he said.

In concluding, he asked for a half-holiday -- which was celebrated and enjoyed on Tuesday, October 14th. Prizes were then distributed to boys of the Prep and Upper Schools. Tea was served in the Dining Hall at 4.30 and a Tea Dance in the Gym ending at 7 p.m. brought the week-end activities to a close.

Among the many guests present, we were very pleased to see Mrs. H. B. MacDougall -- seven of her grandsons were playing in the rugby game on Monday morning: Mrs. C. G. Mackinnon whose husband, Mr. Justice C. G. Mackinnon ('92-'96), is Honorary-President of the Old Boys' Association; Mrs. W. P. Percival, wife of the Director of Protestant Education for the Province of Quebec.

#### ACCOUNTS OF BISHOP'S COLLEGE AND SCHOOL ANNUAL DINNERS OF FORMER YEARS

On January 7, 1886, the Annual Dinner took place at the Windsor Hotel. Quoting from the Gazette of Friday, January 8: "The Dinner was more than ever attended by pleasant surroundings and will be the occasion of more joyful reminiscences for the days to come. 150 Old Boys sat down". During the course of the evening, Dr. Adams, the Headmaster, said that over 800 boys had passed through the School and he therefore felt the responsibility of representing so many pupils. They might talk of the University, but he looked upon the School as the foundation of all. To quote his actual words, "There is one thing wanted in the School, and that is a wing containing a large recreation hall, with a library and a Chemical laboratory for the boys, and for \$5,000 something very handsome could be done. This wing could be erected as a memorial to the work done by His Lordship the Bishop of Quebec when Rector, and during which time the School saw its palmyest days. I suggest that this be called the "Bishop Williams Wing". Mr. R. Smeaton White, in responding, said that he believed Mr. Adams might rest assured that the suggestion he had given about the new wing would be taken up by the Old Boys and carried to a successful issue.

At the annual Dinner of Bishop's College and School held with great eclat at the St. Louis Hotel, Quebec, on the night of January 4, 1887 and reported in the

Our congratulations to Rt. Rev. Lennox Williams, ('70-'76) former Bishop of Quebec, who in November celebrated the 93rd anniversary of his birthday.

Quebec Chronicle the next day, the following account is worthy of record: "The chair was taken by J. S. Hail, jr., M.P.P., of Montreal, President of the Society, and the vice-chairs by the Rev. J.B.Allnatt, D.D., and A.S.Nicholls, Esq., M.A. About 80 gentlemen in all eat down to a most sumptuous repast, as can be imagined from the following menu:

Oysters on the shell.

Soups:	Mock turtle, Consomme Vermicelli.
Fish:	Codfish, lobster sauce, potatoes a la Parisienne.
Entrees:	Lamb chops with green peas; chicken saute a la Marengo; Game pattees a la Chevalier.
Roasts:	Ribs of beef; Ham, champagne sauce; Turkey, cranberry sauce.
Game:	Haunch of venison with red currant jelly; Partridge, bread sauce.
	Lettuce salad.
Vegetables:	Mashed potatoes; Brussels Sprouts; Green peas; Sweet corn.
Pudding and Pastry:	Plum Pudding, Brandy sauce
	Wine Jelly, Charlotte Russe.
	Assorted cakes, Vanilla Ice Cream
	Fruit, Coffee.

After addresses had been given of the various departments of the College, Rev. Dr. Allnatt proposed the toast to the School and in his remarks said that the School was the nearest approach to the old English Grammar School. He spoke of the masculine character so to speak of this School, and of the implicit obedience there insisted upon, which was one of the first steps towards true manliness. He trusted that all would use their best endeavours toward the erection of the proposed new Bishop Williams Wing. Rev. Dr. Adams, the Principal of the College and the Rector of the School, responded to the toast. In his reply, he said: "I think Bishop's College School was the pioneer in Canada of the idea of what is known as English public education.....Much might be said on the subjects taught: but it is in moral training that the system we advocate is so superior to its rivals. The Lennoxville system teaches the doctrine of personal responsibility more distinctly than any other system; it helps to train his self-reliance, self-control and sense of honour; to help him on all sides but to cramp him on none; it teaches him that willing obedience is better than grudging submission; that high-toned truthfulness is essential to the character of a gentleman; that courage, moral and physical, is essential to true manliness; that discipline is better than disaster. Under the banner of religion, it teaches that religion is manly and true manliness is of the nature of religion, that humble faith is more becoming than incredulous scorn, reverence nobler than indifference". In closing his address, the Rector said: "The progress of the fund for building the Bishop Williams Wing is satisfactory but not finally so. We have a good start but we want more. The addition of a large hall, of a chemical laboratory workshop and good play-room would be a great benefit to the boys. We want Canadian boys to have the same advantages as the English boys have, and to have them without crossing the Atlantic, and towards this we are working and are determined to work".

Rev. Canon Robinson, one of the oldest Old Boys present -- he was at the School in 1843 -- next spoke and he was followed by Lieut.-Col. Forsyth, who entered the School in 1843 and who called to mind the sterling qualities of Edward Chapman and the courageous deeds of John Auldjo.

From the Montreal Herald, February 1, 1905, the following account of the Old Boys' Dinner, held at the Place Viger Hotel, Montreal, is given. "The dinner was one of the most pleasant imaginable. The Old Boys, some of them really old, others somewhat juvenile, came together to talk over old times in the old school, a theme that is never exhausted. The honoured guest of the evening was Rev. Mr. Bidwell, the Headmaster. In his speech, Mr. Bidwell stated that when he took up the reins of office he found a great deal of work to be done before any real results could be shown. It was imperative to restore what is needful to make a school a success, union in itself. (Numbers had dropped from 88 in 1902 to 57 when he took over and the staff but one was new). Much of the work then had been done, but in the sight of the public, and had militated against the increase in numbers. Yet it had been absolutely necessary if the School were to become great and influential. These difficulties had revealed the sympathy and love for the School of the Old Boys, and in his work he had received the heartiest support and co-operation. The ideal he had in view was to turn out not only the accomplished scholar, the great athlete, or the man well equipped for success in business, but the great ideal was to turn out Christian gentlemen. Such ideas as

honour and esprit de corps were to be fostered. Intellectual success and physical improvement were not to be underestimated, but of vastly greater importance was it to produce gentlemen. Things were progressing at Lennoxville. They now had a covered rink, one of the best in the Eastern Townships, a Preparatory School, and were, by the kindness of Major Hooper, getting a carpentry department. What was going to tide Lennoxville through the critical period of her history was the loyalty and help of her Old Boys. There would be no suspicion of failure as long as they stood by her".

Old Boys of the present and former generations, to the number of nearly a hundred were present at the re-union dinner of the Old Boys' Association held at the Place Viger Hotel, on November 23, 1911. Enthusiasm for "the Canadian Eton" and a determination to raise an endowment fund marked the proceedings. The principal talk of the evening was, of course, the excellence of "the Canadian Eton", and the great deeds of the men she had turned out. Sir Melbourne Tait, chairman of the evening, when he rose to propose the toast to the King, paid a high tribute to the physical, mental and moral training obtainable. Proposing the toast to the School, Dr. H. J. H. Petry, a former Headmaster, who met with a most enthusiastic reception, reviewed its 70 years' existence. The speaker referred to the generals, the admirals, the church dignitaries, the leaders in the medical and legal professions, and the captains of industry that the School had given to the World. The Headmaster, Mr. J. Tyson Williams, B.A., on rising to respond received an ovation. He declared that the School was inspired by the same ideas of honour as those which actuated the best schools of the old country, and that just as Wellington had been able to say that Waterloo was won on the playing fields of Eton, so the battles of this country were now being won at Lennoxville. It was decided to form a committee at a mass meeting of the Old Boys. The meeting was held on the following day, and a strong committee formed, with full powers to formulate and carry through a scheme for the endowment of the old school.

REMEMBER WHEN - - - - -

Remember last year, after the Annual Meeting and Dinner took place, you regretted missing than, and you said something to the effect that next year you would be there -- well, its not too early to make plans and keep the date open: announcements, giving all information, are sent out by the Association about three weeks in advance. If you haven't been to one recently, you've really missed something. Representatives of many and different years at the School are present -- Old Boys whom you haven't seen for many years are usually there, and the reminiscences of life at the School, well - be present this year, match the attendance of the year 1886, and contribute your own

SCHOOL NOTES

VOL. XII No. 1                      COMPILER: H. L. HALL M.A. ('16-'27)                      NOVEMBER 1952.

THE 116TH YEAR OF THE SCHOOL: RECORD ATTENDANCE -- 184, 12 MORE THAN LAST YEAR.

To the following new members of the staff, we extend a hearty welcome:  
Lt.-Col. & Mrs. E. G. Brine: appointed master-in-charge of the Prep School. He joined the staff of Ashbury College in 1945 as assistant master, and was appointed junior school house master in 1946, which position he held until 1950. Since then, he has been a member of the joint services job analysis committee in Ottawa. Born in England, he is a graduate of the Royal Military Academy, Woolwich. He has lived in Canada for the past twenty years and has taught in a number of Canadian independent schools. He was commissioned in the Royal Artillery in 1917, served with the Italian Expeditionary Force in the First World War, and from 1919-1928 saw service in India. In the Second World War he served in the Royal Canadian Artillery, was promoted to the rank of lieutenant colonel in 1941, and was posted as chief proof officer, Ottawa, in 1942.

Miss M. W. Watson: Matron in the Upper School. After arriving in Canada, a year and a half ago, from her home in Aberdeen, Scotland, she was with the Girls Cottage School, at St. Bruno, P.Q.

Captain & Mrs. S. F. Abbott: Cadet Corps and P.T. Instructor. For the past seven years, he was director of Athletics at Stanstead College for which position he took the Royal Navy P.T. Course at H.M.C.S. Cornwallis. This past Summer, he took the Captain's Course at Val Cartier Camp.

G. F. Forsyth, Esq., B.A., B.Sc. (Acadia), Master in Upper School.

---

Old Boys, especially of the past six years, will have heard with regret of the departure, from the School of the Rev. & Mrs. B. W. Whitlow and family. Coming from the R.A.F. in England, he was appointed School Chaplain in 1946 and taught in the Upper School. In 1949, he was appointed master-in-charge of the Prep School as well as performing his duties as School Chaplain. A true scholar, he is an M.A. from Oxford, Dip.Theol. from both Oxford and Cambridge, Quebec 1st Class High School Diploma, and in June last received his Master's degree in Education from Bishop's University. As a speaker, he is clear, forceful and thought-provoking: and those who have heard him conducting Good Friday Services will long remember his inspiring interpretations of the Scriptures. At present, he and his family are at Wakeham, Gaspé Basin, P.Q., where he is in charge of two churches in this pariah. Always a conscientious and hard worker, his efforts will, we are certain, lead to further successes. Our best wishes are extended to them.

After 14 years of conscientious service to the School, Mrs. M. Boyle resigned her position as Matron in the Upper School last June. Old Boys of this period will remember with gratitude the many services she performed on their account and will wish her well in her new duties.

#### CONGRATULATIONS TO MEMBERS OF THE STAFF:

---

Mrs. J. G. Gordon, B.A., and M. C. Evans, Esq., ('47-'50) have both been appointed to the teaching staff of the Prep School. Mrs. Robert Smith, French Specialist, and J. E. Jordan, Esq., duty and games master, are continuing their respective work in the Prep School as last year.

---

The double decker beds have been removed from School House dormitories; and in the dormitories on the second floor, they have been replaced by single beds in a wooden frame with side partitions and with built-in-drawers beneath the springs. Two such frames are then pushed together, partition to partition. These two dormitories contain 12 such beds and their natural, stain finish produces an effect the dormitories have never had before. If this scheme proves satisfactory, the two dormitories on the top floor will be treated in a similar way.

Considerable re-plastering has taken place throughout the School during the summer and the effect of this and fresh paint is most pleasing.

All the outside stone steps and cement work have been repaired, thus removing eye-sores from various angles of approach.

The Quad at the back of the School was cleared this spring of cinders, and the grass which has since grown adds to the beauty of the grounds.

The long, red garage which used to be to the right of the Rink has been moved to a less conspicuous site.

Old Boys visiting the School for the first time, after an absence of many years, will be impressed: first, with the increase in the number of buildings and additions to former buildings; secondly, with the beauty of the trees and shrubs - now having reached full growth - of the Driveway, Walks and Grounds.
